1. Sue and Lindsey were introduced and welcomed. They are sitting in our SAS meeting to take notes and ideas back to the Engineering Staff Association.
2. Fall Tour is ready with 25 RSVPs. Eileen sent another email to see if there were others who wanted to attend. We do need to meet at the Library at 8:45 to catch the bus downtown.
3. October Pizza Fundraiser-October 26. We will sell the painted wine and pilsner glasses there. Laurie will take pictures and send them to Kelli to put on the blog.
4. January Workshop – January 5, 6, or 7
 - a. Chef Steve from Victorian Pantry will do a cooking demonstration utilizing healthy ingredients with samples for all at no charge.
 - b. Massage Therapist/Chiropractor – Rhonda will check into
 - c. Yoga – Terri will check into
 - d. Half day workshop and then lunch together.
 - e. La Fortune or North Dining Hall
 - f. Do we want to get gift cards as door prizes? Local eateries, gyms, spas, Rec Sports (personal trainer).
5. Q&A time with the College of Engineering Staff
6. Staff Christmas Party
 - a. Shawn is too expensive. He did comment that he gives comedy workshops. Maybe an option for a future January workshop
 - b. Student groups (received a list of Performing Arts Student Clubs). The problem is that the Christmas Party occurs after the students have left.
 - c. DJ Buddy King (98.3 FM) is the husband of Diane King (Administrative Assistant for Kroc). Darlene will check on the price.
 - d. Karaoke – perhaps with Buddy King. Would people participate?

Dean's Office and HR Updates with Rob, Mo, and Sandra

1. SAS started 11 years ago.
2. Darlene updated on the Fall Break tour and Winter Workshop. Angelica Salazar, a supervisor with Building Services, who teaches Zumba was suggested as an addition to the workshop.
3. Christmas luncheon – again questioned if people would participate if we had karaoke. Classical music possibilities?
4. Book Club-make sure to access the video links.
5. Rob asked us to consider best practices that can be shared at the Staff Administration Meeting. The next meeting will be in the Snite Auditorium.

6. The Blog (Kelli Brown is updating) will be sent out to all. It has the details of all Race for the Most events. Mo challenged the College of Engineering to a competition next year.
7. Sandra stated the HR website had videos from the Health Insurance Information sessions. Also there are FAQs on that site.
8. Rob reminded all to submit their goals in Endeavor.

Meeting adjourned at 10:28 am.
